Property Description

The residence is created from a commitment to quality, using the finest wood, stone, marble, glass and brushed steel finishes along with fully up to date technology and modern materials. Applied with taste and expertise, these ingredients combine to ensure that your home is not only practical, efficient and beautiful but also provides a visual and sensory experience to match.

The kitchen, dining room and lounge blend into a spacious open-plan area that is very much the heart of the home, but slide the doors to the terrace away and you create a whole new dimension in which the apartment's living spaces are amplified both in size and scope. Now you can choose to breakfast outdoors and dine inside with the doors wide open, watch a movie on a cosy winter's day or merge both lounge areas for some lively entertaining.
