Towards the front, the combined kitchen and living room with floor-to-ceiling sliding doors welcomes you.

All windows are safety glass and equipped with UV protection to safeguard your furniture from the sun. They also feature electric blinds.

Going back to the hallway, a few steps take you up to the bedroom level. Here you will find two bedrooms and two bathrooms, one of them en-suite. There is also a laundry room.

One of the bedrooms has access to a very cozy terrace with space for lounge furniture and further access to the garden.

Take the marble staircase up to the next level, passing a huge mirror that makes the entire area even brighter.

On this level, you have the Master bedroom, featuring a spacious en-suite bathroom and a large terrace facing the mountains and the sunset.

The final, smaller level faces south toward the golf course. This floor is very sunny, and the UV protection on the windows is stronger than on the lower levels—making it impossible for golfers to see inside your home, while still allowing you to enjoy the views all day.

Back in the garden, you'll find a large 10 × 5 m pool in the front yard, with plenty of space for a generous lounge area surrounded by beautiful plants and palm trees.

In the backyard, there is a pleasant grass area and a shaded breakfast corner.

You will also find the charming, handmade Tiki bar.
